

BARRIER SCREENS Built For Real Life.

A **SureMesh™ Barrier Screen** is designed for real life - bringing together protection, comfort and modern style. Crafted from stainless-steel mesh, it offers fall prevention, insect protection, bushfire and corrosion resistance, and uninterrupted airflow with clear views.

Pet-friendly and low-maintenance, SureMesh™ stands up to family life and harsh Australian conditions. Choose from hundreds of colour options to blend seamlessly into any home design. Backed by a 10-year warranty and Australian-made reliability, SureMesh™ delivers an affordable stylish barrier screen, without compromise.

SUREMESH™. THE CLEAR CHOICE OVER DIAMOND GRILLE SCREENS.

-  **Impact Strength:** SureMesh Barrier Screens have passed the Dynamic Impact test (5 x 100 joule impacts) of Australian Standard AS5039.
-  **Fall Prevention:** Meets National Construction Code standards (AS 5203-2016) for fall prevention, giving families peace-of-mind in multi-storey homes and apartments.
-  **Insect Protection:** Lets light in while keeping 99% of bugs out.
-  **Bushfire Safety:** Helps to defend against Australia's harshest environments. Bushfire resistant for lasting durability and protection (meets BAL-LOW to BAL-40 bushfire standards).
-  **Corrosion Resistant:** Is corrosion resistant, low maintenance, and easy to clean. Tested to withstand over 3,000 hours of salt spray for lasting durability.
-  **Energy Efficiency:** Blocks up to 33% of solar heat gain and 32% UV radiation.

WHY CHOOSE SUREMESH™

- **Built for safety and durability:** Certified for fall prevention, bushfire and corrosion resistant, and made to handle everyday Australian conditions.
- **Designed for lifestyle:** Pet-friendly, easy to maintain, and available in hundreds of colour options to fit seamlessly with your home.
- **Great value:** A smarter alternative to fly screens or diamond grilles, delivering reliable performance and style for modern living.
- **Clear views:** Provides maximum airflow and visibility. 0.6mm diameter wire mesh has a 1.3mm aperture providing excellent visibility and airflow.
- **10-Year Warranty:** Backed with Australian made reliability and a 10-year warranty.
